Mohr Life Diving

Description of Blindsee (22 ha)

Altitude: 1,093 m above sea level

Location: In the midst of a wooded, mountainous countryside, below the Fernpass

Access: Approx. 2 km after the Fernpass tunnel, turn right at a bus stop, where a toll road leads to the parking lot at Blindsee.

Regulations: After purchasing a diving permit, price EUR 12.50 (free of charge for hotel guests), diving is permitted between 8 am. and 6 pm. Night diving is only allowed for hotel guests.

Filling tanks at the lake is prohibited. You are welcome to fill them at the hotel, where a Bauer V20 compressor with an air capacity of 600 l/min and a Securus filter system and CO2 conversion is available. The entry point for divers lies directly next to the boat house. Entering along the zone of shallow water (4) is prohibited in order to preserve the flora.

Camping and open fires on the parking lot and along the lakeside are prohibited and, in the event of violation, will be reported to the authorities by the Agricultural Association.

Rubber dinghies, kayaks and surfboards may only be used with the explicit permission of the owners of the lake, Messrs. Künstler-Mantl/Mohr Life Resort. Price EUR 2.20

Fauna: Pollan, trout, pike-perch, brook trout, and rainbow trout are the predominant fish in these waters. The large number of minnows (locally called Pfrill) form shoals at various depths and are, therefore, highly appreciated by all lovers of scuba diving.

Those who have developed a sharp eye for detail and enjoy observing the smaller inhabitants will find caddy larvae, great diving beetles, various types of snails, etc.

Flora: You also have the opportunity to see a large number of water plants, ranging from stonewort to Egeria to gelatinous fungal formations.

Temperature: In the hot summer months, the water temperature may be approx. 2 - 3° C

Water Surface: 18° C

at 8 m: 10° C

at 16 m: 5° C
